

Ruan Narvaes

Game Developer & Pixel Artist

São Paulo, SP, Brazil ruannrvs10@gmail.com +55 (17) 98103-5525 Itch.io: justneno.itch.io Instagram: @justnenokk

PROFESSIONAL SUMMARY

Game Design undergraduate (6th semester) at Universidade Anhembi Morumbi, with hands-on experience in 2D game development and pixel art. Experienced in programming using GameMaker (GML) and Unity (C#), alongside expertise in digital art, sprite creation, animations, tilesets, and cinematic scenes. Driven by a passion for understanding the structural logic of systems and building custom solutions, combining technical rigor with visual identity in completed projects.

PROFESSIONAL EXPERIENCE

Pixel Art Intern (Cinematics) — Fireboss São Paulo, SP

Project: Demonak

- Production of static pixel art screens and visual compositions dedicated to the game's cinematic sequences.
- Direct collaboration on the visual identity and artistic atmosphere of the project.

FEATURED PROJECTS

NanoAware Unity (C#)

- **Role:** Solo Developer & Pixel Artist. Completed game.
- Solely responsible for artistic direction and programming: creation of all art assets, animations, menus, main character sprite, animated transitions, and obstacles.

Crownfall GameMaker (GML)

- **Role:** Game Designer & Pixel Artist. Completed game.
- Development of animations, main character, enemies, and game items. Level design and visual environment setup.

Bird Game (Flappy Bird Style) GameMaker (GML)

- **Role:** Software Developer. Completed game.
- Full implementation of programming logic, gameplay mechanics, movement physics, and game flow control.

Flowers n' Plants (32x32 Tileset) Aseprite

- **Role:** Pixel Artist / Technical Artist. Nearly completed authorial project.
- Creation of tilesets and nature assets (plants, rocks, and aquatic flora) at 32x32 pixel resolution, designed for integration into 2D game environments.

TECHNICAL SKILLS

Game Development: GameMaker (Intermediate / GML Intermediate), Unity (Basic / C# Basic).

Digital Art & Pixel Art: Aseprite (Advanced — sprites, tilesets, animations, plants, and environments).

Tools & Design: Photoshop (Intermediate), Illustrator (Intermediate), After Effects (Basic), GitHub (Basic).

EDUCATION

Bachelor's Degree in Game Design (6th Semester) Universidade Anhembi Morumbi

Online Game Development Course with GameMaker (NoNeClass) Hotmart
